

SUPREME COURT PLACES O. K. ON "STEEL TRUST"

Long Fight for Disso-
lution of Corporation
Dismissed

COURT'S VOTE FOUR TO THREE

(By The Associated Press)
WASHINGTON, March 1.—In a four to three decision today the supreme court refused to dissolve the United States Steel Corporation and its numerous subsidiaries comprising the so-called "steel trust."

The government's long fought suit for dissolution of the iron and steel trust was dismissed with the majority opinion of the court.

Placing the high court's "O. K." on the steel corporation were Chief Justice White and Associate Justices McKenna, who announced the majority opinion. Holmes and Brandeis dissented. Justice Day gave the dissenting opinion which was joined by Justices Pitney and Clarke. Justice McKeeney and Brandeis took no part, the former having been attorney general during the litigation and the latter having expressed opinions regarding it before appointment to the bench.

Primarily to the decree officials brand the steel corporation as "good" combination. Further the court held that mere size, bigness or preponderance in industry of corporate combinations is not alone sufficient cause for their dissolution.

The court also gave a new and far reaching judicial interpretation or application of the Sherman law, analogous to the Standard Oil, "Tobacco trust" cases by declaring that public interest must be considered in interpreting the law.

The public interest, it was held, would not be served and might be injured by dissolving the steel trust.

Dissolution of the corporation and its principal subsidiaries was urged in the spirited dissenting opinion. That minority declared that the anti-trust law was violated in its organization, that there has been, opinion, notorious and continued violation of its provisions and that approval of illegally born combinations would practically annul the Sherman law by judicial decree.

Agreeing that more size of a corporation producing its Genesis is legal is not inhibited, the majority vigorously disapproved the new Sherman law ruling requiring judicial consideration of the public interest. Such a conclusion the dissenters declared, "necessarily results in a practical nullification of the act itself."

The decision was a complete victory for the steel corporation and its 180 subsidiaries said to compose the world's greatest industrial combination with assets of more than \$2,000,000,000. It also dismissed proceedings against a score of millionaire individual defendants, including Chairman E. H. Gary of the steel corporation; Charles M. Schwab, John D. Rockefeller, the late J. P. Morgan, Andrew Carnegie, Henry C. Frick and others.

Against these the government had asked injunctions against illegal acts.

Also the decree of dismissal marked utter rout for the government in its suit, which began in 1911 in the New Jersey federal court and which has been one of the longest, most voluminous and most costly proceedings in supreme court annals. The case, there records of which fill a small room was twice argued in the high court in March, 1917, and again last October. A true, suspending action during the war was agreed upon in 1917.

Altho today's decree leaves the government free to bring new proceedings against the corporation for specific and present practices deemed in conflict with the anti-trust law department of justice officials declared no thought had been given to future action. Pending study of the opinions, Attorney General Palmer and other department officials withheld comment.

POSTPONE STRAUSS TRIAL UNTIL MONDAY

BLOOMINGTON, Ill., March 1.—The trial of the case against Edgar A. Strauss on charge of killing Bernie M. Meade in a bank in Peoria two years ago, which comes to this county on a change of venue, has been postponed until next Monday. Technical objections to the way jury panels are drawn in McLean county accounted for the action. Tomorrow the board of supervisors will select four hundred additional names of men for service as jurors.

POLAND DEMANDS LARGE SUM FOR INDEMNITY

Copenhagen, March 1.—Poland is demanding \$1,500,000,000 marks in gold as indemnity from Soviet Russia in the peace negotiations going forward, the National Tidende learns.

RAILROAD HEAD IN PLEA FOR LOWER PASSENGER RATES

Readjustment of Freight
Rates also Asked by Pres-
ident of Erie System

(By The Associated Press)
NEW YORK, March 1.—A plea for lower passenger rates and a readjustment of freight rates so as to provide "equitable distribution" of revenue from commodity tariffs was made today by Frederick D. Underwood, president of the Erie railroad in a statement concerning the resumption of private control of the railroads. He predicted that one of the first benefits to be noticed by the public will be more efficient service.

"I am opposed to class freight rates," Mr. Underwood said, "and to higher passenger fares. In fact I think passenger fares should be reduced to two cents a mile thruout the country, except perhaps on certain lines serving a limited territory and upon which there are peculiar conditions. The railroads and the public in time will come to understand that these great enterprises can best prosper and the public best be served and protected by commodity freight rates. The passenger fare is a direct tax on the people. Commodity freight rates to the individual means almost nothing. For instance, a man doesn't worry particularly if he has paid five cents freight on his overcoat, but if he is compelled to pay five or six dollars more than he formerly did for a trip back to his old home, he thinks he is being robbed. Commodity freight rates impose the least tax on the things in greatest use and the higher tax on commodities of comparatively limited use."

"There is a certain brand of saws manufactured in an eastern city. On a trip to the Pacific Coast I priced the saws in various cities, and I found them selling for exactly the same price in San Francisco as they did in the city of manufacture. What difference does the freight rate make in that case to the consumer? However I think the increased passenger fares to the Pacific Coast make considerable difference."

HINES TAKES CONTROL OF INLAND WATERWAYS

WASHINGTON, March 1.—By direction of Secretary Baker, Brig. Gen. Hines, chief of the army transport service, today assumed control over the inland waterways transportation systems, which were transferred to the jurisdiction of the war department by the railroad administration.

General Hines announced that the same service would be maintained for the present and that he would utilize the existing organization and personnel in administering the work. A delegation of senators and congressmen from the Mississippi valley and other sections interested in waterway traffic called on Secretary Baker today to request that present facilities be maintained and extended and that railway corporations now under private operation be prevented from strangling water competition.

Some members of the delegation urged the appointment of a civilian board to direct the work of the waterway transportation systems, while others favored putting the power in the hands of the chief of engineers. Secretary Baker informed them, however, that General Hines had been entrusted with that duty.

CARGO STEAMER IN DISTRESS

HALIFAX, N. S., March 1.—A cargo of cotton tonight was being cast into the sea to lighten the Steamer Bohemian, which struck the rocks of Sambro Ledges, off Halifax Harbor, in a blinding snowstorm early today. The ship's 64 passengers were brought here today, but the crew of 120 remained on board. No attempt was made during the day to haul the steamer off the rocks.

TELEPHONE CHARGE IN CHICAGO HOTELS ILLEGAL

CHICAGO, March 1.—The ten cent charge made by certain hotels in this city for telephone calls in the city is illegal, according to an opinion furnished today by Corporation Counsel James A. Ettelson. The five cent charge is all that legally can be charged, according to the opinion. Neither the city ordinances nor the rulings of the public utilities commission authorize a charge for room calls.

WHITE SOX CATCHER SIGNS

CHICAGO, March 1.—The signed contract of George Lees, utility catcher of the Chicago White Sox was received by President Comiskey today. With this signing of Lees, the White Sox have three catchers under contract, the others being Ray Schalk, and Byrd Lynn.

ASK FOR REHEARINGS

Springfield, Ill., March 1.—Applications for rehearings were filed in the supreme court today in the following cases: Sherman G. Cole vs. Albert H. Cole, appeal from LaSalle county; John Elmer Daugherty vs. State Savings and Trust company, appeal from Adams county; and People vs. Frederick Schmidt, appeal from second district.

STATES MAY IMPOSE INCOME TAXES ON NON-RESIDENTS

Case Defined by Su-
preme Court in Two
Decisions

FINDING OF COURT GIVEN

(By The Associated Press)
WASHINGTON, March 1.—Right of the states to impose income taxes on non-residents provided they are in harmony with those imposed on residents was upheld and defined today by the supreme court in two decisions.

In a case from Oklahoma the court held that a state unquestionably had authority to levy income taxes against non-residents on incomes derived from property within the state. In a New York case however, the court declared that such taxes against non-residents must not be discriminatory.

The Oklahoma income law was sustained and the New York law was declared void insofar as it denies to non-residents exemptions which are given New York citizens. Both opinions were given by Justice Pitney, with Justice McKeeney dissenting in the New York case. In both suits were involved the exemptions, similar to the federal income tax law, provided for married and single persons.

Distinction between the Oklahoma and New York laws it appears was that the Oklahoma law gives non-residents and citizens the same exemptions, while the New York law denies to non-residents exemptions granted its own citizens.

In the Oklahoma proceedings, Charles B. Schaffer of Chicago, sued the state auditor to enjoin collection of income taxes levied on income derived from Oklahoma wells. In the other case, Comptroller Travis of New York was enjoined by the Yale and Towne Manufacturing company having a plant in Connecticut from collecting income taxes from its employees without giving them the exemptions given New York citizens under the New York law.

In sustaining the Oklahoma law, the court said: "In our system of government the states have general dominion, and, saving as restricted by the federal constitution, complete dominion over all persons, property and business transactions within their boundaries. Certainly they are restricted to property taxation nor to any particular form of excises."

"That the state is debarred from exacting a share of those taxes in the form of income taxes for the support of the government is a proposition so wholly inconsistent with fundamental principles as to be refuted by any what it is."

"And we deem it clear upon principle as well as authority that just as a state may impose general income taxes upon its own citizens and residents it may as a necessary consequence levy a duty of like character upon incomes accruing to non-residents from their property or business within the state, or their activities carried on therein; enforcing payment on property within its border."

DENY THAT POSSE CROSSED MEX LINE

NOGALES, Ariz., March 1.—A denial that his posse had crossed the Mexican line in the pursuit of the bandits that killed Alexander Fraser and J. A. Fraser, American storekeepers at Ruby Postoffice was made today by Ray R. Erhardt, sheriff of Santa Cruz county, who led the party in search of the culprits. Sheriff Erhardt returned to Nogales early today after a fruitless chase lasting 35 hours. "We followed the men just up to the internal line and no farther," Sheriff Erhardt said. "At one time we were within six hours of them. They had nearly 16 hours start on us."

Sheriff Erhardt expressed confidence that the Mexican military authorities would be able to capture the fugitives.

OFFICIALLY ANNOUNCE GEDDES' APPOINTMENT

LONDON, March 1.—The appointment of Sir Auckland Geddes, British ambassador to the United States was officially announced today. The ambassador will leave London for America in about a month. He will be the guest of honor of the Pilgrims and other societies before his departure.

The high cost of living at Washington has been an obstacle to finding a suitable man willing to take the ambassadorship at the salary allowances of the post. These will be considerably reduced in the present instance, according to reports in diplomatic circles.

BANDITS MAKE HAIL

St. Joseph, Mo., March 1.—Four bandits early today robbed the Eyckebare bank at Helena, Mo., 25 miles north of here, escaping with between \$20,000 and \$30,000 in liberty bonds.

FRENCH RAILROAD STRIKE ENDED

(By The Associated Press)
PARIS, March 1.—The strike on the French railroads ended tonight.

Delegates of the railroad federation met the directors of the railways on the initiative of the federation and an agreement was reached without trouble on most points of the federation's program which really was not in dispute. Difficulty arose, however, over the question of penalties to be imposed on the strikers. Finally both parties decided to appeal to Premier Millerand.

The premier's proposal, namely, no pay for the days of the strike; no punishment for refusing the formal request to resume work and a review by each director in a spirit of justice of all other punishments, proved to be acceptable to all concerned.

BADGER'S PLANS WOULD GIVE TO U. S. LARGEST NAVY IN THE WORLD

Recommendations Given by
the Admiral to House Naval
Committee

(By The Associated Press)
WASHINGTON, March 1.—Urging naval construction which would give the United States the largest navy in the world, Rear Admiral Charles J. Badger recommended to the house naval committee today that the next annual naval appropriation bill carry a new building program, authorizing the building of two dreadnaughts, one battle cruiser, ten scout cruisers, four destroyers, six submarines and other small craft.

Admiral Badger's views as to a large navy were concurred in by other members of the navy general board. Capital ships, such as dreadnaughts and battle cruisers, Admiral Badger asserted, remain the "backbone" of the navy, with the tendency in building constantly toward greater size.

The new dreadnaughts as planned by the general board, he said, would be of 44,000 tons displacement, each carrying 16-inch guns, and the battle cruisers would be of 32,500 tons displacement carrying eight 16-inch rifles.

The destroyers, he said, would be needed for many years, especially to combat submarines and provide a smoke screen for capital ships. The six submarines proposed by the general board would be of three types he said in urging their construction as important "to keep up with the times."

"We submit that the conception involved in the bill of complaint that an amendment duly submitted by congress on the vote of two thirds of each house and duly ratified by the legislatures of three fourths of the states is still subject to judicial review and may be held for naught through judicial action by a process of implied restrictions upon the amending power—restrictions which thus set up by judicial decree would be unalterable by any constitutional process—is a conception of the most extravagant character and opposed to the fundamental principles of our government. No principle of judicial action can possibly be invoked for sustaining such an authority."

Attorney General Rice in his brief declared the prohibition amendment to be revolutionary and a direct invasion of jurisdiction and power of the states.

INCOME SMALL

Amsterdam, March 1.—In connection with the recent decision of the Dutch government that the former German Crown prince must pay taxes on the basis of an income of 800,000 florins, it was authoritatively stated here today that his income does not exceed one twentieth of that amount.

ASK FOR REQUISITION

Springfield, Ill., March 1.—A requisition on the governor of Missouri was issued today for George Laskowitz, alias George Howard, and Harry J. Coleman, who are alleged to have robbed the First National Bank of Mounds, Ill., Feb. 9 of \$7,128. The men were arrested at St. Louis.

CHICAGO, March 1.—The Chicago Presbytery announced today that the Rev. C. S. Mursolf, pastor of the North Chicago Presbyterian church, who was arrested Sunday for trying to enter the church of Judge Sweeney, was still pastor of the North Chicago church.

LONDON, March 1.—The Earl of Bessborough (Field Marshal Haig) was received by King George at Buckingham Palace this morning on relinquishing his post as commander-in-chief.

LONDON, March 1.—After stubborn fighting the Bolsheviks on Sunday occupied the town of Stavropol capital of the government of Stavropol in the Northern Caucasus, according to a Bolshevik communication received tonight.

SPRINGFIELD, Mass., March 1.—Philip M. Taylor, aged 26, who was arrested late Saturday night after the police say, he had signed a confession to the murder of Virginia Walker, 12 years old, whose body was found near the Somers Creamery company plant, Feb. 20.

TRENTON, N. J., March 1.—The New Jersey senate tonight passed the three and one half per cent beer bill by a vote of 12 to 9. The bill was passed by the house last week.

MONTESANO, Wash., March 1.—Four of the ten I. W. W. charged with the murder in connection with the armistice day shooting at Centralia, Wash., were called as witnesses for the defense today.

ASK DISMISSAL OF TEST SUIT ON PROHIBITION LAW

21 States Join Federal
Government in
Request

BRIEF FILED BY HUGHES

(By The Associated Press)
WASHINGTON, March 1.—Twenty one states joined with the federal government today in asking the supreme court to dismiss the original suit brought by Rhode Island to test the validity of the prohibition amendment to the constitution.

Submitting to a brief, which was filed by Charles E. Hughes with the court's permission and which asked dismissal of the Rhode Island case on the ground, "that no justifiable questions were involved by the states of Delaware, North Carolina, Kentucky, Louisiana, Indiana, Alabama, Maine, Arkansas, Michigan, Florida, Oregon, Kansas, West Virginia, Nevada, Nebraska, Montana, North Dakota, South Dakota, Wyoming, Utah, and Arizona."

Dismissal of the suit, which the government has moved, was opposed in another brief presented by Attorney General Herbert A. Rice of Rhode Island, who asserted that the government's view that the amendment is "unassailable" could "only lead to anarchy and oppression."

Another development today in the proceedings was indefinitely postponed, by permission of the court of arguments, which are to be heard next Monday in order to permit appeals from Kentucky and Massachusetts, involving the amendment's validity to be heard at the same time. Assistant Attorney General Frierson indicated tonight that the arguments might be heard March 15.

"The state of Rhode Island," Mr. Hughes said in his brief, "does not bring its bill of complaint to enforce any property right or interest of the state which can be regarded as the proper subject of judicial consideration. If this court may consider the question whether an amendment not expressly prohibited by the constitution itself can validly be adopted it is submitted that there is nothing in the nature of the prohibition amendment which exposes it to the charge of invalidity."

"We submit that the conception involved in the bill of complaint that an amendment duly submitted by congress on the vote of two thirds of each house and duly ratified by the legislatures of three fourths of the states is still subject to judicial review and may be held for naught through judicial action by a process of implied restrictions upon the amending power—restrictions which thus set up by judicial decree would be unalterable by any constitutional process—is a conception of the most extravagant character and opposed to the fundamental principles of our government. No principle of judicial action can possibly be invoked for sustaining such an authority."

Attorney General Rice in his brief declared the prohibition amendment to be revolutionary and a direct invasion of jurisdiction and power of the states.

15 DAYS TRAINING FOR GUARDSMEN

WASHINGTON, March 1.—Fifteen days' field training and not to exceed four days' special instructions for officers and enlisted men are provided in this year's national guard training program, made public today by Major General Carter, chief of the militia bureau. General Carter recommended that encampments be held before July 1, but said funds probably would be available to hold them after that date.

REFUSES INCREASE IN HIS SALARY

CHICAGO, March 1.—William J. Graham, deputy county controller today refused to accept a \$600 salary increase, because, he said, the county needed the money worse than he did. The commissioners had voted him an increase from \$5,600 to \$7,500 per year.

FIND NEW SERUM TO COMBAT TYPHUS

Paris, March 1.—Mortality from typhus fever has been reduced from 47 per cent to six per cent by the use of a new serum donated by Red Cross workers at Ekaterinodar, in Russia, according to reports received here.

MEMBER OF WESLEYAN FACULTY DIES

Bloomington, Ill., March 1.—Dr. W. H. Wilder, faculty member of the Illinois Wesleyan here and formerly head of that institution, died here today. He had been ill for two weeks with his coughs.

PALMER ANNOUNCES HIS CANDIDACY

(By The Associated Press)
ATLANTA, Ga., March 1.—Attorney General Palmer tonight formally announced his candidacy for the Democratic nomination for president in a telegram to Hiram L. Gardner, secretary of the Georgia state Democratic committee.

Referring to the petition filed in his behalf for the Georgia primary, Mr. Palmer declared that "if the Democrats of Georgia see fit to select me as their choice I shall receive the honor with deep appreciation," holding it to be highly important that an opportunity be given in the primary, "to directly pass upon the record made by the present administration."

BIG TASK AHEAD FOR INTERSTATE COMMERCE BODY

Jurisdiction of Committee
Increases Under New
Railroad Law

(By The Associated Press)
WASHINGTON, March 1.—Transfer today of the railroads from government to private control marked the beginning of great activity at the interstate commerce commission and, simultaneously, the closing up of affairs of the railroad administration. Officials of the roads were notified by the commission of the increased jurisdiction of that body under the new railroad law. Director General Hines concluded negotiations on eighteen compensation contracts by which the roads involved were to pay the federal government for the 26 months of federal operation. Settlement of claims was begun.

The question of operation of the Cape Cod canal which was idle today, had not been decided tonight. Mr. Hines has no further authority to manage the canal and the secretary of war and owners of the waterway have not been able to agree as to its value for government purchase. Governor Coolidge of Massachusetts telegraphed Secretary Baker today urging the war department to take over operation of the canal.

Railroad labor, thru its representatives have attempted to agree on its next course of action as a result of the president's advice that they await the handling of their demands for increased pay by the machinery created in the transportation act. Several meetings were held and it was understood the leaders soon would make public their plans. They refused to indicate, however, what action was contemplated.

ASQUITH CHEERED IN RETURN TO COMMONS

LONDON, March 1.—Former Premier Asquith, who was recently returned to parliament by the Paisley constituency, took his seat in the house of commons today after a triumphal motor trip through cheering crowds about his home in Canvishill Square and in front of the Westminster station. Mr. Asquith, has generally avoided the limelight during his career, but he consented to be the leading figure in a great demonstration by London liberals today.

Mr. Asquith's appearance in the house was cheered with cheers from the independent liberals, the nationalists and a few laborites and coalitionists. After he was seated Premier Lloyd George arose and was frantically cheered by the coalitionists. The premier then hurried across the chamber and shook hands with Mr. Asquith.

PROMISE RELIEF TO POLISH NATION

WASHINGTON, March 1.—Relief for the financial straits of one of the new European governments is expected thru a private loan of \$50,000,000 to Poland. Announcement was made today at the Polish legation that negotiations for floating the bonds in this country had been concluded with the Peoples' Industrial Trading corporation of New York and the loan will be the first in this country to any of the states arising out of the war. European experts as the greatest single bulwark interposed against the spread westward of Bolshevism, which was given much emphasis by General Tasker Bliss in urging before the house ways and means committee recently the necessity for a government loan to Poland for food relief.

MEX RULING PREVENTS FURTHER INFORMATION

WASHINGTON, March 1.—Orders issued by the Mexican government that Americans who testify before congressional committees investigating the Mexican situation shall not enter Mexico have prevented business men in towns along the international border from giving valuable information, according to Senator Fall, Republican, New Mexico, chairman of the sub-committee now holding hearings on the border. In a letter to Francis J. Kerful, counsel for the sub-committee, Senator Fall declared that he desired a Douglas, Nogales and other Arizona cities would not appear before the committee because they had business in Mexico and were afraid to testify.

PETITIONS FILED

Springfield, Ill., March 1.—W. E. Shallenberger of 30 West Pine street, Canton, filed his petition today as candidate for delegate to the Republican national convention from the 15th congressional district. He expressed no preference. Thomas S. Carlin of Golden filed as a candidate for alternate and expressed a preference for Governor Lowden.

EXPERT TESTIMONY TAKES UP MOST DAY IN NEWBERRY TRIAL

Report on Books of Treasur-
er of Senatorial Cam-
paign Committee

(By The Associated Press)
GRAND RAPIDS, MICH., March 1.—Expert testimony on the books and report of Frank Blair, treasurer of the Newberry senatorial campaign committee occupied the greater part of today's session of the big elections conspiracy trial. From the start until half way thru the afternoon proceedings this subject was before the court and jury and as a consequence the government case was not completed.

Tonight, however, Frank C. Dailey, assistant attorney general, again said that he was within a day of entering the case and in more positive terms than he has yet used predicted that he was confident the prosecution's direct testimony would go in tomorrow.

Wesley Bennett, department of justice accountant from Pittsburgh, was the medium through whom most of today's evidence was introduced. After pointing varying discrepancies between the books kept by the Newberry committee and the report filed with the state and which Frank Blair told the grand jury he signed on the word of the committee, Bennett read a computation based upon prosecution testimony showing more than \$64,000 additional payments which he said could not be found in the report.

He said that of this amount there was a bare possibility that such items as rent and similar general subjects might contain about \$15,000 of the purported excess.

The cross-examination went so deeply into the theories upon which these figures were based and offered such a conflicting theory in opposition, that before Bennett left the stand two of the jurors and Judge Sessions were asking questions.

Bennett, however, stood by his original figures and explained to the jurors that the defense was asking him to take certain items out of specific classifications and apparently then add them to the sixty-four thousand dollars without offering anything to stop the gaps created by this method of figuring.

The prosecution presented some more Cross evidence, particularly it applied to Will S. Darling of Harbor Springs. This included hiring Frank Leo, an Indian who resides in Cross Village in winter and makes his summer home in Harbor Springs, to go to the primary polls as an interpreter.

"What did Darling ask you to tell the Indians?" asked Mr. Dailey.

"He told me speak for Newberry, Wood and Green," said Leo. Next came Mrs. E. Mary Walbridge of Detroit, a member of the Mystic Workers of the World, who related that Elmer E. Scott, a defendant from Kalamazoo who is prominent in federal insanity cases generally regarded by European experts as the greatest single bulwark interposed against the spread westward of Bolshevism, which was given much emphasis by General Tasker Bliss in urging before the house ways and means committee recently the necessity for a government loan to Poland for food relief.

LANE RETIRES FROM INTERIOR DEPARTMENT

WASHINGTON, March 1.—A. T. Vogelsang, assistant secretary, became the acting head of the interior department today after the retirement of Franklin K. Lane. He will act until John Barton Payne, the newly appointed secretary, takes over his new office.

Mr. Payne said he would continue as head of the shipping board until the senate has confirmed the nomination of Rear Admiral William S. Benson to a member of the board. It is expected that the board will elect Admiral Benson as chairman.

START SECOND CENSUS

Washington, March 1.—The field work for the government's census of manufacturers, mines and quarries, oil and gas wells, and forestry and forest products began today. Director Rogers estimates that more than six months will be required to complete the work and another two months will be required to tabulate the information and give it to the public in the form of general statistics.

LEADERS MOVE TO THROW PACT INTO CAMPAIGN

Declare it Waste of
Time to try for Rat-
ification

FINAL ACTION IN FEW DAYS

(By The Associated Press)
WASHINGTON, March 1.—Convinced that for the present their labors to break the peace treaty deadlock are a waste of time, senate leaders moved today to get the treaty out of the way of pressing legislation and to let the issue raised by the ratification fight go into the political campaign for decision.

Under the plan agreed upon and apparently acquiesced in by all elements of both parties, compromise negotiations on the crucial reservation to article ten are to be dropped re-adoption of the public law reservation program of last session is to be completed as a formality and then a final ratification vote is to be taken to put the treaty out of the senators and into the campaign. Some senators predicted tonight that the final vote which is conceded to be on both sides will be decided by other factors to ratify would come within the next three days. The decision to hasten action was reached when the Republican leaders, convinced that the Democrats would block ratification until article ten were modified, determined to stand by their guns and insist that the reservation go into the ratification resolution without any change of substance or of language.

In this reaffirmation they acceded to a demand by the Republicans irreconcilably opposed to ratification, who had intimated that they might adopt methods of their own to wreck the Republican program if they saw signs of weakening on article ten.

The coup of the irreconcilables in this bringing the treaty fight to a truce was a virtual repetition of the move by which several weeks ago they ended the bipartisan compromise negotiations by bringing pressure to bear on the Republican leaders when an agreement seemed imminent.

Holding the balance of power in their hands, the Republicans by their vote, have to be counted on by the proposed reservations, and in addition they are understood to have pointed out that if their counsels were disregarded they easily could talk the treaty over into the election under the senate's rule of unlimited debate.

In fact a program of extensive debate already had been inaugurated by the irreconcilables, members of the group having held the floor several hours each day during the last week's sessions.

Under today's agreement they are expected not only to discontinue the program but to vote with the Republicans as they did last session in adopting reservations.

The senate took no action on the treaty during the day's session which was cut short by adjournment on account of the death of Senator Bankhead.

A Jacksonville baby born Sunday will not have another birthday anniversary for four years. This won't make much difference to the young man just at present, but later in life it may become a matter of great comfort to be able occasionally to omit a few birthday anniversaries.

After reading that a \$70,000,000 government powder plant was sold for \$8,500,000, with \$9,000,000 worth of materials thrown in for good measure, tax payers will begin to wish somebody would take the Wilson administration off

their backs. Getting on in the world would be easier without the burden.

STEEL THE TRADE BAROMETER.

The supreme court decision yesterday declaring that the U. S. Steel corporation with its subsidiary concerns does not exist in violation of law, gave an impetus to some stocks. The business prosperity of the country is quite well gauged by the steel market and the steel industry. It should be gratifying to business to know that the corporation is not to be disturbed by the government and further gratifying to realize that the demand for steel and iron products is still outstripping the supply.

IT MAKES A DIFFERENCE.

If you consider the matter without bias, the corporations have the best of the argument in their desire to raise rates and charges. Naturally people "howl" when such increases are proposed. What the corporations kick about is because the public is so vehement in denunciation of utility or other corporation increases, while with comparative mildness accepting far greater increases in the cost of the commodities purchased from day to day. The only explanation is that the consumer feels it would be no use to protest against the commodity prices.

PEACE TREATY TALK IN THE CAMPAIGN.

The public is vitally interested in the League of Nations program and the peace treaty, but knows

only the cursory facts about them. The public does wish that the senate had been able to settle this program and put an end to the discussion and take steps toward needed legislation.

Now there seems to be no hope of this accomplishment and the whole matter will be delayed and become a campaign issue. It is just as important as tariff revision and will make just about as interesting a theme for public discussion.

Not one man in a hundred knows anything about the tariff or wants to be told, yet 99 out of a hundred realize that the tariff question is one of vital interest to him in its relation to business prosperity.

A PERTINENT QUESTION

"How long is your lease?" is the headline of a city newspaper advertisement. That's a most potent phrase now in many American cities and especially so here in Jacksonville. Some families have moved three or four times in just about the same number of months because the houses they have occupied have been sold and then as a matter of family self-preservation have purchased property. Just the other day a citizen put a price on his home considerably in excess of what it cost him. He tried to make this price so high that the prospective purchaser would demur but the plan didn't work and his house was sold.

So "how long is your lease?" is a very pertinent question in this city. Then by way of advice, if you want to sell your property now there is a fine demand. If you do not want to

sell you had better decline to make a price.

ADMINISTRATION INCONSISTENCY

The Bureau of Foreign and Domestic Commerce has issued a bulletin in which it calls attention to the fact that England is adopting certain "American industrial policies," particularly the consolidation of electric supply concerns and standardization. "In the area of London alone," says the report, "are 70 authorities that supply electricity to the public, owning 70 generating stations with 50 different types of systems," etc. Commenting upon the movement for consolidation of these systems the Department of Commerce remarks that "the old regime of excessive individualism is giving way before the new situation that has arisen since the war. The official encouragement which has been given to the growing tendency toward the formation of trade associations and combinations is no longer needed." The Government is planning protective legislation to guard against any of the disadvantages of such combinations.

This manifest approval of the centralization movement in Great Britain by our own Department of Commerce is somewhat in contrast with the activity of our Department of Justice in securing the dismemberment of those American packing houses which had sought to reduce handling costs and improve the quality of goods by centralization and standardization. Instead of following the plan of protective legislation, the Department of Justice forced the packing concerns to dispose of many of their side lines which they were able to operate more economically than could be done through the former system of "excessive individualism." This action was taken for the express purpose of reducing the cost of living. That it will have any such effect no one believes. The administration praises centralization and standardization in Great Britain and overthrows it here.

AUTHOR'S ART

A lot of authors kill our laughs and bore all gentle readers, by finishing their paragraphs with foolish strings of leaders. It's spoiled a lot of books for me. This silly affectation, and when a "leadered" page I see I'm filled with indignation. They say the Walpole books are great, they boost his "Secret City," but me they chafe and irritate. Inspiring this punk ditty. His sentences all disappear in leaders running tandem; and if I had some stale eggs near, to Walpole I would hand 'em. O'er books I never am enthused, however apt their phrases. I do not think the writer fine (I grieve to make confession) who has to use a dotted line to help out an impression. The stratagems of writing hicks off make me shrink and shiver; no author need resort to tricks, who can the goods deliver.

EMMETT BARTON RUN DOWN BY AUTOMOBILE

Ten Year Old Newsboy Sustains Broken Leg When Run Down By Automobile Monday Afternoon.

Emmett Barton, a Courier newsboy sustained a fracture of the right leg when he was run down by an automobile driven by C. H. Patrick in front of the Courier building Monday afternoon.

The injured lad was playing tag with another boy while they were waiting for their papers. He was on roller skates and in dodging his pursuer skated onto the pavement. He avoided one automobile but ran directly in the path of the car driven by Patrick. Barton was knocked down and both wheels of the car passed over his leg. He was rushed to Passavant hospital where he was attended by Dr. A. M. King. Examination revealed a fracture of the leg. The boy's parents reside at 334 North Main street. Those who witnessed the accident state that Patrick was driving at a moderate rate of speed but the boy appeared in front of the car so suddenly that it was impossible to avoid striking him.

WILL MOVE TO THIS CITY FROM LOWDER

Mr. and Mrs. S. A. Rigg of Lowder are to become residents of this city about March 15 and will occupy property on South West street.

WILLIAMS FUNERAL AT WINCHESTER SUNDAY

Former Resident Laid to Rest Sunday Afternoon — High School Seniors Repeat Play — Other Scott County Notes.

Winchester, March 1.—Funeral services for the late Thomas Williams were held Sunday afternoon at 2:30 o'clock from the Methodist church. The services were opened with a song by the choir, "Jesus Savior Pilot Me." Following a prayer by Rev. C. W. Caseley the choir sang "Beautiful Isle of Somewhere." Rev. Mr. Caseley then read the Scripture lesson and an obituary sketch, after which he delivered the sermon. There was another song by the choir and then the remains were borne to Winchester cemetery, where the services were in charge of the G. A. R.

Those in charge of the flowers were Mrs. Ray Taylor, Misses Ella Mae Lashmet, Bernice Kirkman and Margaret Jefferson. The bearers were Thomas Kirkman, John Lashmet, John Keilem, John Coultas, John Thompson and F. R. Waters.

Herman Smith has taken a position in W. B. Clark's grocery store.

Miss Vera Dahman returned Monday from a visit with relatives in Arenzville.

The funeral of Mrs. Charles Smithson will be held at the late home five and a half miles northwest of Winchester, Tuesday afternoon at 1:30 o'clock. Rev. W. R. Johnson of Jacksonville will officiate.

Mrs. George Stewart left Monday afternoon for St. Louis to visit at the home of Mr. and Mrs. Leonard Taylor.

Mr. and Mrs. Ray Nelson moved Monday to their home on North Main street which they recently purchased from Mrs. Oliver Coultas.

The funeral of H. P. Levis will occur at 2 o'clock Tuesday afternoon from his late home, Elder J. H. Coats officiating. The seniors of the high school repeated their play, "Green Stockings" Monday night at the Lyric. Every seat was taken and everyone was well pleased with the performance. The play was given two weeks ago and there was such a general approval that the second performance was decided upon.

NOTICE

The grocery store of W. F. Cook will be closed from noon today until Thursday morning on account of death in the family.

DR. SMITH AT CONGREGATIONAL CHURCH
Dr. Thomas Smith of New York City was the speaker at the forum at the Congregational church Sunday night. The theme was "The Unfinished Task," and he sought to impress upon the large audience which heard him the duties that have come to church and society as the result of the war.

It was a very earnest and forceful plea for the church people to take on the responsibility of carrying the message into foreign lands. Dr. Smith made it plain that in his opinion that while the church of today must have many activities if it survives and widens its influence, that it is the spiritual things that count most and that nothing can be substituted.

Sure Relief

6 BELL'S Hot water Sure Relief FOR INDIGESTION

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup instead of sugar syrup, if desired. Thus you make a full pint—a family supply—not costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly stops the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract famous for healing the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex with directions" and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Be Rid of Painful Corns

"Gets-It" Makes Them Loosen Up So They Lift Off Painlessly.

There's no more pain after a few drops of "Gets-It" lands on your corn or callus and instantly dries.

In a day or two you lift the old misery-maker right off without even feeling it. That's the last of Mr. Corn and the last of your misery. Millions who have lost their corns the "Gets-It" way say it is the only common-sense way to get rid of the pests.

"Gets-It," the never-failing, guaranteed money-back corn remover costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago. Sold in Jacksonville and recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.

there. He is survived by his widow and parents. The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial and will be taken to Carrollton where funeral services will be held and interment made.

Straight

Fred L. Straight, a former resident, died Saturday night at Hannibal, Mo., as a result of pneumonia. The deceased was a brother of Amos Straight of this city and Dr. George Straight of Winchester, and until 15 years ago was located in this city.

For many years Mr. Straight had been a stair builder and he was an expert in this line of work. He lived in a way to command the admiration of all who knew him.

The remains were brought here by his brother, Amos Straight, and were taken to the Gillham undertaking parlors where the funeral services will be held this morning at 10:30 o'clock. Interment will be in Diamond Grove cemetery.

Mayfield.

Mrs. Margaret Mayfield passed away at a local hospital Sunday morning, aged 86, death being due to troubles incident to old age. Of the deceased immediate family six children survive, all but one living at a distance. A daughter, Mrs. Frances Cote, of Chicago, is in the city to take charge of the remains. The deceased was born on a farm just outside of Franklin where she continued to reside practically her entire life.

The funeral cortege will leave Williamson & Cody's parlors at 1:30 o'clock today proceeding to Franklin where the funeral services will be held in the Methodist church. Interment will be made in the cemetery at that place.

Loneragan

Miss Alice Lonergan died Monday afternoon at 1:30 at Our Savior's hospital after an illness of more than a year.

Miss Lonergan was a daughter of Mr. and Mrs. John Lonergan, 1127 South Clay avenue. She was born east of Murphysville, thirty-four years ago. For a number of years she followed the profession of nursing and was considered very reliable. She was a devoted member of the Church of Our Savior.

She is survived by her parents, who reside at 1127 South Clay, and six brothers, Frank, James, William, Edward and John of Murphysville, and Martin of Jacksonville, and three sisters, Mrs. John Doyle and Miss Margaret Lonergan of Jacksonville and Mrs. Jess Tarzwell of Woodson.

The body has been removed to the home on South Clay avenue. Funeral services will be held in St. Bartholomew's church at Murphysville on Wednesday at 10:00 o'clock.

McCarthy.

Dennis James McCarthy, a well known resident of the city, died at his home, 313 West Morton avenue at 1:30 o'clock Monday morning after a brief illness.

Deceased was the son of Robert and Elizabeth Mahoney McCarthy and was born in Brooklyn, N. Y., October 27, 1848. He came to Illinois about fifteen years ago and most of his life has since been spent in this city and vicinity.

He was united in marriage to Miss Emily Southwell of Scott.

LIKE ELECTRIC BUTTON ON TOES

Tells Why a Corn is So Painful and Asks Cutting Makes Them Grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a cure of an ounce of anezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. The drug is harmless and never inflames or even irritates the surrounding tissue or skin.—Adv.

NAME "BAYER" MEANS ASPIRIN IS GENUINE

Safely stop headaches as told in "Bayer packages"

The "Bayer Cross" marked on tablets means you are getting the genuine "Bayer Tablets of Aspirin," proved safe by millions of people.

In the Bayer package are proper directions for Colds, Headaches, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis and for Pain generally. Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger Bayer packages. Aspirin is the trade mark of Bayer Manufacture of Monacette, Germany, of Salicylicacid.

county who survives, with the following children, J. W. McCarty, Rogers, Ark., Jesse E. McCarty, Robert Eugene McCarty, Clarence Irvin McCarty, all of this city, and Mrs. Vance C. Smith, Chicago. He also leaves two brothers, Robert and Winchester, and James, of this city, and one sister, Mrs. James McBride, of this city.

Mr. McCarty for many years followed farming and later engaged in teaming. He retired from that work a number of years and has for some time been a constable. He was a member of Delaware Tribe No. 78, Improved Order of Red Men and at the time of his death was filling the office of Sachem. He was a man highly regarded by all who knew him.

The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial. Funeral services will be held from the residence Wednesday afternoon at 2:30 o'clock with interment in Diamond Grove cemetery.

Cook.

Mrs. Martha Matilda Blair Cook died at 11:50 o'clock Monday morning at the family home, 1340 Maple street. Mrs. Cook, who was a native of County Antrim, Ireland, was born there July 12, 1842, and was the daughter of Mr. and Mrs. William Blair. As a child of nine years she came to the U. S. with her parents. At Havana Dec. 27, 1866, she was married to Cyrus Cook. Their home later was in Morgan county and ten children were born to them. Mr. Cook and seven children survive. The children are Mrs. Sarah Jane Decker, Litterberry; William Joseph Cook, Charleville; Harry Cyrus, Charles, W. F. Cook of this city, Daniel Cook residing east of the city.

The deceased had for many years been a devoted member of the Christian church, her membership for a long period being held at Charleville. Faithful, characterized her life and she was devoted to family and friends.

Funeral services will be held tomorrow afternoon at 2:30 o'clock from Central Christian church. Rev. M. Pontius will conduct the service and interment will be in Diamond Grove cemetery.

Funerals

Scott.

Funeral services for the infant child of Mr. and Mrs. Robert Scott were conducted at Diamond Grove cemetery at 4 o'clock Monday afternoon in charge of the Rev. J. O. Kirkpatrick.

Roberts.

Funeral services for Andrew J. Roberts were held from the residence, 323 East College avenue at 2:30 o'clock Sunday afternoon in charge of the Rev. D. V. Goudy.

There was a large gathering of relatives and friends, the members of the carpenter's union attending the services in a body.

Music was furnished by Mr. and Mrs. T. H. Rapp, Mrs. A. C. Baldwin and W. J. Gillham. The flowers were cared for by Mrs. T. Gibbons and Miss Frances Alkire. Burial was in Diamond Grove cemetery the bearers being Charles Howard, Leslie Seymour, Ray Spillman, William Wright, George Kellar and David Smith.

Allen.

Funeral services for Mrs. William Allen were held at 10 o'clock Monday morning at the home two miles north of Alexander, in charge of Rev. Charles Andrews of Ashland. There was a large gathering of relatives and friends present and the services were of a most impressive character.

Music of an appropriate character was furnished by a quartet including Mr. and Mrs. F. B. Six of Jacksonville, Miss Marie Moss and Luther Wiley. The floral offerings were very beautiful and the services were cared for by Mrs. George Ruble, Mrs. Harry Foster and Miss Mildred Ruble.

Following the services at the home the remains were borne to Ashland and interment was made in the cemetery there. A brief committal service was held at the graveside. The pallbearers were Lloyd Winner, Harlow Winner, George Wackerle, Harry Foster, Harry Koomts and Boone Nall.

Murray.

Funeral services for the late Mrs. W. E. Murray were conducted from the Baptist church at Litterberry Sunday afternoon at 2 o'clock. Rev. W. R. Johnson of this city was in charge of the services, assisted by Rev. F. M. Crabtree, also of this city. Music was furnished by Mrs. W. R. Johnson, who sang two solos most impressively. Mrs. Durrell Crum was the accompanist.

There was a large gathering of friends and relatives of the deceased, the auditorium of the church being completely filled. The floral tributes were especially beautiful and were cared for by Mrs. Zella Cox, Mrs. Albert Dunlap, Mrs. Arthur Henderson, Mrs. John Butler, Miss Eleanor Guy. Interment was made in the cemetery near Arcadia, the bearers being Edgar Cully, Arthur Henderson, Edward Litter, Andrew Lewis, John Butler and Earl Cox.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

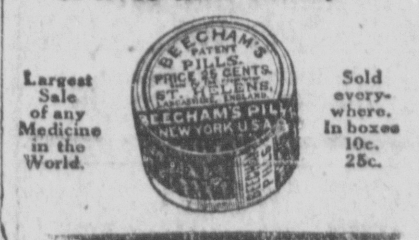

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "tired" and "heavy." They "clear" clouded brain and "pick up" the spirits. 10c and 25c.

GREAT ACTIVITY SHOWN IN REALTY

TRANSFERS OF CITY AND COUNTRY PROPERTY MANY

Records at Court House Show
Increasing Value of All Real
Estate—Busy Day For Bankers
and Brokers.

Monday was one of the busiest days known in the office of Circuit Clerk Charles W. Boston. During the day 73 instruments were filed and the transactions thus recorded ran to a very large sum. This was true notwithstanding the fact that a number of transactions dated for the first of March were completed Saturday, the men interested taking this action in order to avoid an extra trip to the city.

Quite a number of property sales recorded have already been mentioned but in other instances the records give the first news of the transactions.

While the calendar was crowded with all the banks and real estate offices, the largest number of "deals" concluded was in the office of Charles H. Story. The sales on which papers were exchanged in Mr. Story's office Saturday and Monday related to 3,198 acres of land, running to a value of \$683,417. This made the average price per acre \$213.79. In addition 6 city property deals were closed, aggregating \$24,150. This made the grand total of \$707,567, or not far off from the three quarters of a million mark.

Among the city real estate changes which the records show is the transfer by M. R. Fitch to Marcus Hulet of his residence property at 1618 West College avenue. It is understood that possession will not be given until some time next summer. The records show the following, in each instance where the consideration is not mentioned the deed showing \$1:

James T. Johnson to John Hannah Lockman, 40 acres described as the southwest quarter of the northeast quarter of 13-14-11, \$10,000. This tract is about five miles southwest of Jacksonville.

Ross W. Dugger to Leonard Kohler, 80 acres described as the east half northeast quarter 22-12-9, \$13,100. This tract is located just east of Nortonville.

J. B. Corrington transferred to Alvie McDonald 157 acres located 2 1/2 miles north of Alexander. One dollar consideration is shown in the deed. This farm was immediately sold by Mr. McDonald to Jesse Decker. This sale was concluded by Fred Lane.

Edward D. Smith transferred to H. H. Hansmeier lands in 12-15-11 to a total of about 150 acres. This farm is northwest of Jacksonville, immediately adjoining the Charles A. Rowe home farm.

J. N. Keltner transferred to T. N. Goodall the northwest quarter of 26-16-9 for a consideration of \$50,000. This was one of the largest transfers of the day and the tract is located a short distance east of Sinclair.

J. V. Breckon sold to L. Mandeville the southwest quarter of the southeast quarter etc., in 34-13-10. This farm is situated about four miles southeast of Murrayville.

H. H. Rawlings sold to George Wiley the west half of the southwest quarter of 32-14-9, for the sum of \$18,400. This tract is located near Durbin church.

Walter McCormick sold to Filiza Purvines the west half of the north half of 21-16-3, \$1. This extensive tract is situated about two and a half miles north of Alexander.

Another large tract was that of Edward Miesher to J. Rex Ranson. It is described as the southeast quarter, northeast quarter etc., 34-19-9, consideration \$39,950.

John A. Smith yesterday transferred to S. W. Henry et al. the northeast quarter etc., in 34-14-10, for a consideration of \$48,300. This was one of the large transfers of the day. The 160 acres is located southeast of Woodson and the sale was contracted for several months ago by Mrs. Emma G. Smith.

Charles H. Story transferred to H. B. Morthole the west half of the northeast quarter 26-15-10. This land is located on the Morton road about two and a half miles east of Jacksonville.

Charles H. Story sold to Mr. and Mrs. Horace F. Garfield 12 acres beginning at the corner of Diamond and Walnut streets and extending north to Mauvaister creek. Mr. Garfield now lives near Murrayville and is expecting to move his family here in the course of the next two months. He will tear down the house now standing on his farm and replace it with a modern bungalow. Twenty five acres of the tract belonged to the estate of Mrs. John Hopper and the 100 acres adjoining it on the north was owned until a year ago by W. I. Safel of Champaign, who purchased it from the estate of the late G. R. S. McElfresh.

Mention was made above of transfers thru the Story agency. These included a tract of 480 acres located near Greenfield. Dr. J. W. Hairgrove purchased this farm about one year ago and it was sold by Mr. Story to Thomas L. Jarrett of Springfield. Mr. Jarrett and his wife incidentally own about 4,000 acres of high class farming land located in a number of central Illinois counties. They also have some other realty holdings, so are classed among the wealthy residents of the state.

Other sales consummated by Mr. Story and not yet made a matter of record are as follows: C. A. Meyer to B. T. Smith 87 1/2 acres; R. T. Smith to C. A. Rousey, 87 1/2 acres; C. A. Rousey to Ray Bourn, 87 1/2 acres; J. W. Hairgrove to Thomas L. Jarrett, 480 acres; John R. Wilson to J. W. Davies, 92 acres; J. W. Davies to John R. Wilson, 240 acres; John R. Wilson to Henry F. O'Brien, 240 acres; Samuel Grant to C. A. Rousey, 330 acres; C. A. Rousey to Thomas E. Cockin in 330 acres; Thomas E. Cockin to C. A. Rousey 80 acres; Goudy Mayfield to Henry F. BIG PUBLISHER'S GREED CREATES PAPER FAMINE

(Editorial by Henry L. Stoddard in New York Evening Mail.)

Is it not high time that the publishers of this city—and of Boston, Philadelphia, Chicago and St. Louis—frankly acknowledge their responsibility for the distress and ruin to which their extravagant use of white paper has forced many daily and weekly newspapers throughout the country?

Is it not time for them to accept responsibility and proceed unflinchingly to correct the intolerable situation?

Do they realize the bad impression made by the fact that they have not agreed upon even one measure of relief for their fellow publishers, but have greedily sought solely to hold their own advantage?

In years past many publishers did not hesitate to use their columns to damp the manufacture of newspaper and to seek his indictment by the government for conspiracy to boost prices; these same publishers have now scarcely a word to say of the disastrous results to the newspaper publishing business as a whole because of their own persistent determination to maintain thirty and forty daily issues and excessively large Sunday issues. Such issues mean fortune to a few publishers, but misfortune to the many. Furthermore, they place an impossible burden on the manufacturer, who cannot keep production equal to consumption. He has neither the labor, the raw material nor the machinery.

Publishers in the smaller cities have sent appeal after appeal to the large city newspapers not to monopolize the newsprint supply—not to make extortionate demands upon manufacturers, and not to force prohibitive prices by bidding high for the extra paper—a supply beyond their contract tonnage basis—in order to print thirty to forty page daily papers and much too large Sunday papers. Every pound of this additional supply is taken from the smaller papers elsewhere. If every city paper would temporarily limit its consumption to its average for three years past or even below that figure, the hardship now endured by papers of smaller communities would disappear. Production would then measurably overtake consumption.

In no other industry during the stress of wartime emergency has there been such a wreck of fortunes and of life-time upbuilding of properties as in the publishing business in America the past six months. Not in the record of misfortune yet complete. Appeals for relief are heard all over the land, more and more insistent.

All the cards in the situation should now be laid upon the table, face up, so that the people may know the havoc being wrought and the real place of responsibility. Certainly the manufacturer is not to blame. For a year or more he has warned against the persistent extravagant use of paper by the big dailies. He has fought hard against their demands for increases in tonnage. His warnings have been ignored. He has done his best and is through.

Relief can come only through decreased consumption. Unless it comes and comes quickly the number of newspaper suspensions—already too large—will reach a total that will endure forever as an indictment against those who selfishly persist in their own course. Twenty or thirty daily papers in half a dozen cities could if they would change the whole newsprint outlook and make living conditions possible for papers in smaller communities.

Will publishers meet this situation by united action, or do they prefer to await government decree?

WOMEN ACTIVE IN POLITICAL WORK

The active work that is being done here gives the promise that the women of Morgan county will take a full part in the coming campaign. Many women who in former years were anti-suffragists now feel that the responsibility is theirs and they must meet it. It should be mentioned in this connection that the present woman's organization is not the first that Morgan county has had. It was four years ago that Mrs. Miller Weir was introduced as the first chairman of a county Republican organization for women. The quiet but effective work done by that committee is well remembered for the work was shown in the splendid majority the county gave for Mr. Hughes and the other Republican candidates.

MRS. MAUDE FRENCH DIES AT MOTHER'S HOME

Passed Away at Chester, Ill.—
Funeral Held There Sunday.

Mrs. Maude C. French, widow of Charles L. French, late of Jacksonville and Pensacola, Fla., died at Chester, Ill., Friday, Feb. 26th, after an illness of three weeks' duration. Mrs. French spent most of her married life in Jacksonville, but a few years ago upon the retirement of Mr. French from active business, removed to Pensacola, Florida, where she resided until the death of her husband, about two years ago. Since that time she has made her home in Chester in order to be near her mother who resides there and who is advanced in years.

Mrs. French was descended from pioneer stock. Her maternal grandfather, Amasa Aldrich, who came to Illinois from Rhode Island about 1823, was a member of the well known Aldrich family of that state. He settled in East St. Louis, then the Capital of Illinois and was a merchant in that city for many years. Her paternal grandfather, Abel Crisler, was of Virginia stock and came to Illinois from Kentucky about 1824.

Mr. Crisler and Mr. Aldrich entered adjoining tracts of land which were afterwards united and formed a farm upon which Mrs. French was born in Randolph county.

She was the daughter of Thomas J. and Maria Aldrich Crisler and during her residence in Jacksonville was a Communist of Trinity Parish. She is survived by her mother, one brother, A. E. Crisler, an attorney in Chester, and two sisters, Mrs. Sloan of Chicago, and Mrs. S. W. Baxter of Belleville, Illinois, who is well known in Jacksonville.

The funeral services were held Sunday afternoon from St. Mark's Episcopal Church in Chester.

KNIGHTS WILL PLAY FAST GIRARD TEAM

Independent Team from Macoupin County City Has Lost Only One Game—Game Should Be a Fast One.

Girard Independents will be opponents of the Knights of Columbus team in Liberty Hall Wednesday evening. The Girard team is one of the hardest nuts the Knights have tried to crack this season.

The Macoupin aggregation has lost but one game this season and they have met some of the fastest teams in this section.

The Knights are in good condition for the game. The players expect one of the hardest battles of the season but believe they will be able to be on the long end of the score. The game will be called at 8 o'clock. The Knights will lineup as follows:

Forelich, Rook, forwards; Rexroat, center; Clancy, Cain, guards.

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

DESERTER ARRESTED AT WHITE HALL

James A. Egan to Be Taken to Fort Sam Houston, Texas, on Charge of Desertion—Was Married Friday at Winchester.

White Hall, March 1.—An armed guard is enroute from Fort Sam Houston, Texas, to take charge of James A. Egan, wanted there for desertion. Egan is a son of Mr. and Mrs. Michael Egan. He and Miss Jennie Hutchinson were married at Winchester Friday, boarding the afternoon Burlington train there for St. Louis on their honeymoon. As the train was leaving the station at White Hall, City Marshal Conlee discovered that Egan had locked himself in a toilet room of one of the coaches in order that he might get thru his home town unmolested. The officer had the train stopped, and Egan and his bride emerged. Egan was taken to the city jail, and the bride is with the parents of the groom. She is the daughter of Charles Hutchinson, formerly of White Hall, now residing in the vicinity of Manchester, and she was for some time connected with the Stocks Hotel here.

Egan has an important war record as a private with Company G, 119th Infantry, during the world war. He was wounded on Campbell Hill in Belgium on July 24, 1918, and on September 29, 1919, was wounded and gassed at San Quentin and Bellecourt, on the Somme, France. He was discharged in June, 1919, and immediately re-enlisted for one year. He was at Douglas, Arizona, from August 19, 1919, to January 10, 1920, when he was transferred to San Antonio as a cook. The local authorities were notified about a week ago that he was wanted for desertion, and his presence here has since been watched. How the officer learned that Egan was going thru town with a bride has not been revealed. When Egan was questioned by the reporter as to what the charge is against him, he frankly replied that it is said to be for desertion, but that he merely took "French Leave."

REGULAR HABITS NOW; CONSTIPATION GONE

Mr. Brooks Suffered for Years—Tells How He Got Relief.

"I have tried a great many things for constipation, but the only thing that has been able to relieve me is Milks Emulsion. I am on only my second bottle and have to take very little of it now. My bowels move regularly every morning, which they have not been doing for a number of years. I seem like living again, after suffering so long. I recommended Milks Emulsion to two of my friends and both say it is the best remedy they ever heard of."—Eliot C. Brooks, 329 Washington St., Peoria, Ill.

Constipation weakens the bowel muscles. Salts and purgatives only increase this condition. Milks Emulsion is a real corrective remedy. You can try it under its guaranty, without risking a cent.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness had weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only said emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guaranty—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

THE JOY PUBLIC SALE

Next Wednesday, March 3, Jas. S. and H. P. Joy will hold a public sale at the James Joy residence four miles northeast of Chapin. The offerings will include eleven head of horses, 13 head of cattle, 50 head of hogs, a lot of implements and grain. The sale will begin at 10:30.

INCOME TAX FACTS YOU SHOULD KNOW.

The income tax law allows a person, in figuring his 1919 net income, to take credit for contributions made during that year to organizations conducting charitable, scientific, educational, and religious work; to societies for the prevention of cruelty to children or animals; also to the special fund authorized by the vocational rehabilitation act.

Before claiming any deduction under this provision of the law a taxpayer should carefully consider what is allowable. There should be no guesswork or estimates or setting down a lump sum, but the taxpayer should show only the contributions as he made them and as he can substantiate them. Care should be taken that amounts given to individuals are not included and that the deduction is confined strictly to donations during the year to organizations operated without benefit to the persons behind the movement. For instance, a gift made to a hospital which may bring profit to the persons interested in the institution would not be a deductible item.

All donations to churches are deductible, including those for missionary funds, church building funds, pew rents, and church assessments and church dues.

Political Contributions

The taxpayer should be careful to omit any claim for contributions to funds gathered for propaganda and political purposes. The allowable deductions are definitely limited by law to organizations operated exclusively for charitable, scientific, educational, or religious purposes, for vocational rehabilitation, and for the prevention of cruelty to children and animals.

After listing his contributions of an allowable nature, the taxpayer should see that he does not claim an amount over the limit established by law, which is 15 per cent of the year's net income, computed without the benefit of this deduction.

Contributions may be made in cash or other property; if other than cash, the value of the property must be accurately determined. Subscriptions or promises to contribute should not be considered, the allowance providing only for contributions actually made.

Members of a partnership may deduct their proportionate share of the partnership's contributions.

BUFF ORPINGTONS

BRING RECORD PRICE

Mrs. S. A. Riggs of Lowder sends in an item about the sale of half a dozen hens which she recently made, the proceeds amounting to \$17.08, or \$2.84 each. The six hens weighed 56 lbs. Mrs. Riggs also at the same time sold 36 hens and pullets which weighed 281 lbs., and brought a total of \$85.70. Mrs. Riggs states that the secret of the extra weight and price is the fact that they were Buff Orpingtons.

MOTHER OF MRS. FURRY DIES IN SPRINGFIELD

Death Came to Mrs. J. W. McClure at Springfield Hospital—Deceased Had Been Long Time Resident of Pawnee.

A message received Sunday by Mrs. Harry Furry of Joy Prairie brought the news of the death of her mother, Mrs. J. W. McClure, at a hospital in Springfield at 1 o'clock Sunday afternoon. The deceased, whose home was in Pawnee, was brought to the Springfield hospital a week ago but her condition was so serious that death came in a few days' time.

Mrs. McClure was seventy three years of age at the time of her death. She was a native of Ohio but had lived in Illinois for the greater part of her life. Her marriage to J. W. McClure took place in Litchfield and the family home was established there but within a short time Mr. and Mrs. McClure removed to Pawnee and there the home has been ever since. Mr. McClure's death occurred three years since.

The deceased was a woman of especially fine character and her influence in home and community was ever a far-reaching one. She

was for years a member of the Methodist church at Pawnee and during all the years of her life was faithful to the teachings of that faith.

Surviving are two daughters and three sons: Mrs. Harry Furry, Joy Prairie; Mrs. John Johnson, Auburn; Roy McClure, Long Beach, Calif.; Henry McClure, Mill Springs, Mo.; James McClure, Dietrich, Idaho.

Funeral services will be conducted from the M. E. church at Pawnee at 11 o'clock this morning and interment will be made in a cemetery there.

CITY COUNCIL SPENDS VERY BUSY EVENING

Considers and Transacts a Great Deal of Business—Oil Inspection and Vehicle License Ordinances Passed.

The city council spent a very busy evening at the regular session Monday. The ordinances for oil inspection and vehicle license were given a second reading and adopted.

Many other matters of more or less importance were considered. Bernard Gause, who has the contract for the plumbing and sewerage at the new high school building called the attention of the council to the intention to tap the West State street sewer and water main.

The council indicated most emphatically that it would not consider such a procedure. It was also the consensus of opinion that when the board of education realized what it meant to tear up the new asphalt pavement that some other arrangements would be made by the board.

Roll call showed all members present except Ald. Graft and Williamson. Mayor Crabtree presiding.

The minutes of the last regular meeting were read and approved.

Name for New Lake Approved.

A communication was read from the committee selected to name the new lake. It was signed by Dr. J. R. Harker, chairman, and R. A. Gates, secretary of the committee. The communication reported that the committee had unanimously decided upon Mauvalterre Lake as the name.

Ald. Chapin then presented a resolution that the council approve the name selected and that the committee also designate that name as the one for the park surrounding the lake.

Ald. Chapin seconded by Ald. Moore moved that the recommendation of the committee be concurred in and that the resolution be adopted and that both be made a part of the records of the council. The motion carried on roll call by unanimous vote.

A request from the Illinois Tire and Vulcanizing company to erect a porch in the rear of their building in West State street was referred to the public improvement committee with power to act.

The Board of Education presented a petition asking that the contractor for the new high school building be allowed to use all or part of North Kosciusko street to store materials for the building. The petition was referred to the highway committee with power to act.

Claims against the city were then presented and all those properly approved were ordered paid when funds are available.

Reports of Officers.
The reports of the following officers were read and received and placed on file:

E. C. Clement, city treasurer, reported a balance in the general fund, February 28, of \$8,578.68.

Frank Kiloran, chief of police, reported 11 arrests during the month. Fines and costs collected amounted to \$49.50.

W. H. Cobb, water superintendent, reported \$3,077.74 for water rent. Meters sold \$26; meters repaired \$5.77.

Harry H. Summers, sexton of Diamond Grove cemetery, reported 20 interments; John E. Pires, sexton, reported 16 interments in Jacksonville cemetery.

Dr. A. M. King, city physician, reported 82 deaths during the month. First ward 21; second ward 4; third ward 9; fourth ward 46. Under one year, 7; one to five years, 2; five to twenty years, 2; twenty to fifty years, 30; fifty to seventy years, 20; over seventy years, 21.

Ald. Chapin said they were ready to let bids for the new filtration plant and power plant and suggested that when adjournment was taken it be to Friday night at 7:30 o'clock to meet with the citizens' committee and consider the matter.

Ordinances Adopted.
An ordinance providing for the inspection of oil was given a second reading and adopted as was one providing for a wheel license.

In connection with the vehicle license ordinance, Dr. R. R. Buck-thorn said he thought it unfair to place a pneumatic rubber tired vehicle in the same class with a steel tire rig.

H. C. Clement, city treasurer, reported that he had practically cashed all of the warrants issued against the last installment of the money provided by bonds for floating indebtedness. He presented a detailed report and a resolution was offered by Ald. Cain that the report be accepted and made a part of the records. The motion carried and the resolution was adopted.

The board of Charles Patterson, mechanical engineer, in the sum of \$1,000 with George W. Ferreira and Joshua Vasconcellos as sureties was presented and approved.

Mayor Crabtree announced the appointment of Fred Jameson as fireman without pay. The appointment was confirmed on motion of Ald. Moore seconded by Ald. McGinnis.

Want to Mark Trail.
LeRoy T. Pator and Vincent Riley representing the Morgan county Good roads association and also the Mississippi Valley Highway association were present and addressed the council relative to placing sign posts for the association thru Jacksonville. The matter was referred to the highway committee with power to act.

Speaking of the license for wheel vehicles, Mr. Riley said that while Maple Crest was outside the city limits the management of the institution would be willing to pay a license on its two trucks.

Don't Want Pavement Broken.
Bernard Gause was present and called the attention of the council to the fact that it was the intention to tap the sewer and water main in West State street for the new high school building. Mr. Gause suggested that it might be well, if possible, to tunnel to the sewer and water main. He said he had the contract for the work

and hated to see the new asphalt pavement torn up.

Sup. of Streets White said he did not believe it feasible to tunnel under the pavement and that it would be an expensive piece of work.

The matter was discussed at length by the mayor and aldermen. In the discussion it developed that the members of the council thought that the city had been more than generous to the board in vacating Court street and granting various other concessions and that when the members of the board realized the matter thoroughly that they would make some arrangements to avoid opening the pavement.

The council also indicated clearly that it would not consent to the tearing up of the new pavement in West State street. As a remedy it was suggested that the David Prince building remain on the present sewer in Court street and that the new building be attached to the Fayette street sewer.

It also was suggested that the Board of Education might well lay a new sewer of adequate size from the new building thru Court street to connect with the North Church street sewer.

Mr. Gause when he saw the sentiment of the council in the matter got in communication with the board which also was in session and told them the status of affairs and suggested that they appoint a committee to confer with the city officials to arrive at an amicable agreement.

Mayor Crabtree spoke of his recent visit to Chicago to see the Chicago & Alton officials about the new switch track. He said the trip had brushed away a number of false ideas the railroad officials had about the city and its officials. Now there seemed to be a better understanding and he believed it would be of mutual benefit to both the railroad and the city.

The switch track would be built soon and the mayor also announced the purchase of the necessary land on the north side of Superior avenue for the purpose.

Ald. Chapin seconded by Ald. McGinnis moved that the council adjourn until Friday evening at 7 o'clock to meet with the citizens' water committee. The motion carried and the council stood adjourned.

Hospitalier Commandery No. 31 K. T. will hold a special convocation this evening at seven o'clock. W. O. R. K. Visiting Knights are welcome. A. Rabjohns, Com. John R. Phillips, Rec.

SPECIAL MEETINGS AT I. W. C.

We are sure that many readers of the Journal will be interested in the special meetings in progress today and Wednesday at the Woman's College. These are planned and carried out by a special commission made up of representatives of various church boards for home and foreign service and are designed to create greater interest in such lines and especially wherever possible, definitely to enroll for life service those who are ready to take such a pledge. The workers, while Methodists and carrying out the service side of the great Centenary movement, represent as well the Inter-Church World Movement and are therefore serving all denominations in this effort to enlist here, as all over the United States, the strongest college students for definite work in the Kingdom.

The names of workers were printed in the Journal of Sunday morning.

CAR IS STOLEN AND DAMAGED

While Hugh Lindsay, son of Joseph Lindsay living a few miles north of the city, was attending service at Central Christian church Sunday night, his Ford car was stolen. Mr. Lindsay notified the police and a thorough search about town was made. An hour or two later the car was found in a ditch just about a mile from the Lindsay home. Two wheels were badly damaged and the wind shield broken.

Every effort possible will be made to identify the miscreants who did this damage and if found there should certainly be proper punishment for such wanton destruction of property.

CENTENARY CHURCH NOTES

The regular monthly board meeting will be held at Centenary church Wednesday evening. All members of the board are requested to take supper at the church at 6 o'clock and the business session will follow immediately afterward.

The men of the church are preparing for the annual fellowship supper on Tuesday evening, March 9. At that time all the members of the Men's Loyal Bible class, together with other members of the church and friends, are expected to attend. New interest is expected to attach to the affairs of the Loyal Bible class for a number of weeks to come as another membership contest has been started with Ira Patterson and John Deatherage as the leaders.

The class now has a membership of something more than 100 as a result of a previous contest and the attendance each Sunday never falls below forty. The new contest will last thru a stated period of weeks and it is the expectation that a large number of new members will be enrolled. The class is an active force for good not only in Centenary church but in the city at large.

SALE OF COWS AND HOGS

On Wednesday, March 3, C. F. Baird will sell at J. L. Henry's feed barn at Woodson, commencing at 1 o'clock sharp 18 head of choice fresh cows and 80 head of 60 to 100 lb. stock hogs.

VESPER ORGAN RECITAL

Ever since the organ was installed in Music Hall the Vesper Recitals have been a feature of College life and have been looked forward to by the residents of town.

The first of these recitals given by Mr. Pearson the new Director of Music at the College, was an event of last Sunday.

Miss Miller, the new member of the faculty in the Department of Voice, also appeared on the program. She sang three songs of recent publication and immediately sang her way into a place in the affections of her hearers.

Mr. Pearson's eight numbers given with great freedom and were chosen with foresight. His registrations, phrasing, rubato playing and discrimination sent the audience away feeling that the Vesper Recitals are really musical events of importance in the life of our city. Also we felt that we are fortunate to have in our midst and organizer of the evident sincerity of purpose, sympathy, and discernment shown in his choice of numbers of last Sunday.

The program has already been published in full.
